09. August 2011
NMI3 was present at ECNS 2011

27. July 2011
New Walter Hög Prize winner

11. July 2011
Erwin Félix Lewy-Bertaut Prize winner

ABOUT NMI3

NMI3 – Integrated Infrastructure Initiative for Neutron Scattering and Muon Spectroscopy.

NEUTRON RESEARCH

Neutrons as probes to study matter – find out more here.

MUON RESEARCH

Muons, multi-faceted elementary particles – find out more here.

NEWS AND MEDIA

News from NMI3 and the neutron and muon worlds.

The NMI3 information portal

Your entry into NMI3 and the European neutron and muon worlds

Go straight to the pages you are looking for by clicking on the tabs below, or use the menu at the top of the page.

Our Access Programme

To 11 facilities in Europe

Joint Research Activities

Innovation and development

Scientific highlights

Neutron and muon research

Our Newsletter

News and updates

For students

Education and training

NMI3 for students

In our Education pages, students will find information about training in neutron and muon science as well as educational resources.

Supported

NMI3 Website – www.nmi3.eu

■ New features:

- New JRA videos
- New History articles
- Instrument finder under dvpt

NMI3 website

■ JRA pages

- Pages for new JRAs ready – please check and feedback
- Get manual to edit pages + study it
- Picture always needed!
- Old JRAs please check your pages and feedback too!

nmi3

NMI3 Website – www.nmi3.eu

■ Visits

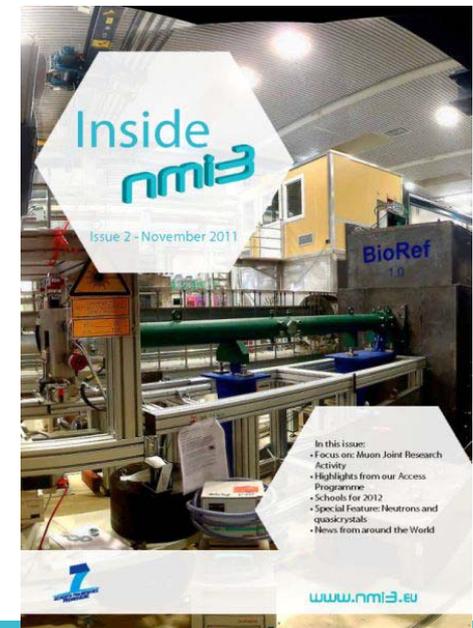

Newsletter: *Inside NMI3*

- Next one out 1st May
- Cover and back-cover pictures chosen – 2nd Picture competition – please advertise among your colleagues!
- Distributed online via website and mailing list + printed
- Three main sections: **Activities**, **News from around the World**, **Coordination & Management**

Newsletter: *Inside NMI3*

■ Activities

- Highlights from our Access Programme: **we need you!**
 - Research that generated **results/ paper/ paper & press release / paper, press release & coverage!**
 - Hot topics: earth& environment, energy, health, life sciences, cultural heritage, info & com technologies

Schools

- ENMS – group of 14 European schools
- Publicity
 - On website Education pages and mailing list
 - Schools Brochure coming soon ...
 - In Newsletter

PAUL SCHERRER INSTITUT

Paul Scherrer Institut Villigen, Switzerland –
Campus for complementary research.

PSI operates three major user facilities on one campus:
SLS (photons), SINQ (neutrons), SμS (muons).
All three are part of I3 networks, the last two of NMI3.
PSI offers more than 30 beam lines and instruments
often with unique approaches and features.
More information at www.psi.ch

www.nmi3.eu

NMI3, the Integrated Infrastructure Initiative for Neutron scattering and Muon spectroscopy, supports access to 8 facilities in Europe through its Access Programme. NMI3 is supported by the European Commission under the 7th Framework Programme through the 'Research Infrastructures' action of the 'Capacities' Programme, NMI3/FP7-4 Grant no. 283883 | Photo credits: M. Fischer, PSI

PR network

■ Annual Meetings

- Next one in London in May

■ Neutronsources.org

- Information about neutron sources around the world
- A place to read news about neutron research from around the world
- Archive press material and resources like brochures, pictures, videos

Thank you!
